I Greeting from President Dix

Thank you some much for your consideration regarding a donor relationship with the **General Missionary Baptist State Convention of Indiana, Inc. (GMBSCI)**

As president, I am especially grateful that you may take the opportunity to help us do important work for our communities, state, and nation.

Our State Convention mission is to be a resource to local Baptist churches across Indiana. While we have many relationships with pastors and churches of other Christian denominations, our focus is strengthening the witness and effectiveness of our local congregations who are working tirelessly to improve the quality of life for Hoosiers, regardless of their faith affiliation or social status. We strongly believe that every person is created in the image of God and therefore has intrinsic value in their humanity.

Your contribution will assist us in feeding the hungry, clothing those in need, making efforts in gang prevention, college scholarship, and strengthening the witness for Christ in our communities. These are just a portion of the work being done by our state convention of over 140 churches and the people who connect with those congregations across Indiana.

If you have any questions about how you can partner with us in these efforts, please do not hesitate to contact me or our team at sponsors@gmbcindiana.info so that we may discuss this further.

Thank you again for your consideration!

Sincerely,
Raymond C. Dix, Jr.
President, GMBSCI, Inc.

What We Offer

Our offer to you as a potential donor is simple. We offer partnership in the transformation of lives and communities toward the betterment of humanity. Using collaborative dynamics, we can see transformed people who transform communities and churches by the grace of God.

Our Mission and Vision

Our mission is simple, to help our local churches and district association achieve the mission Jesus gave the church: “go and make disciples of all nations...” Mission is the what, but vision is the how. We can accomplish this by God’s grace and by working together at an unprecedented level of unity. We are all connected, and we can achieve our mission through this shared connection of doctrine and practice.
